

PECE 2023

2023 3rd International Conference on Power Electronics and Control Engineering will be held in Krakow, Poland during December 8-10, 2023 as workshop of ICMERR 2023, which was co-sponsored by AGH University of Science and Technology. PECE 2023 aims to provide a forum for researchers, practitioners, and professionals from the industry, academia and government to discourse on research and development, professional practice in power electronics and control engineering.

Call for Papers

Topics of interest for submission include, but are not limited to:

- Power Electronics for Communications Applications
- Power Electronics for Medical Applications
- High-frequency Converters and Power Supplies
- Novel Converter Topologies and Applications
- Matrix and Multi-level Converters
- Power Converter Control and Drive Circuits
- New Power Semiconductor Devices and their Practical Application
- Power Electronics for Industrial Applications
- Regulatory, Safety and EMC Compliance of Power Electronics Equipment
- Production, Manufacturing, Quality and Reliability of Power Electronics Equipment
- EMC and Power Quality
- Thermal Management and Reliability
- Passive Components and Sensors
- Converter Packaging
- Passive Devices and Components
- Active Devices and Components
- System Integration
- Modeling and Simulation
- Control of Converters and Systems

Authors are kindly invited to submit full papers including results, tables, figures and references.

Important Dates

Submission Deadline: July 5, 2023

Acceptance Notification: July 30, 2023

Registration Deadline: August 15, 2023

Camera-Ready Paper Due: August 15, 2023

Conference Date: December 8-10, 2023

Publication

Submitted papers will be peer reviewed by the conference scientific committees and accepted papers will be published in either one of the journals below based on their topics.

Journal of Automation and Control Engineering (ISSN: 2301-3702 (Print))

Abstract and Index:

Google Scholar, Crossref, EBSCO and etc.

International Journal of Electronics and Electrical Engineering (ISSN: 2301-380X (Print))

Abstract and Index:

Google Scholar, Crossref, IndexCopernicus, CNKI, etc.
